

We Conquer On Our Knees By H. Robb French

~Other Speakers S-Z: Classic Christian Writings:

When the Church of the living God is on her knees in earnest, believing prayer, Satan's hands are tied and his purpose is frustrated. Satan's supreme effort therefore must be to lure the people of God from the closet of prayer so that he can freely operate. He cares little for policies, programs, personalities, or promotional ideas so long as the mighty weapon of prayer and fasting is largely laid aside. To your knees, O Christians! Pray for a mighty Heaven-sent revival!
