Welcome timsmith,

It is indeed a wealth of resources available, that they might draw you into all the Truth of the Lord. Just a note as you may be unfamiliar with the form of writing in these endeavours; Using ALL CAPITAL letters is considered "Shouting" in internet parlance. Likely again that you would not have known this, but we can hear you just fine. ;-)

Amen. I do pray that the Lord gives you direction and leads you into the sermons and speakers that he wants you to listen to. I recommend you start a message by Paris Reidhead called: Ten Shekels and a Shirt, and also a compilation called: Revival Hymn, also I recommend you listen to any sermon by the speaker Leonard Ravenhill!!!

If you have any additional questions let me know.
