Brothers and Sisters,

I am calling on anyone that is willing to help serve this ministry that has video production skills. I would like to have created a professional looking video introduction with music in the background. I do not want it to be tacky but professional here is a video introduction that is of very good quality and I would like something not as flashy but of the same good quality:

example intro:

Please respond to this message or email me personally about more details and ideas on helping with this.

One of the main reasons I would like this for is to have a "video" podcast where I would section videos up into 10-15 clips with this introduction.

Sorry, I don't have video skills. But just out of curiosity, how is David Ravenhill? I listened to only the first 15 minutes or so of the sermon linked. He seems like a solid preacher, but lacking the unction and burden of his father. What a hard man to follow!

There are some of David Ravenhill's sermons here on SI:

I am praying for God to provide someone that really knows that they are doing with video to help in the production of this introduction clip.

I have gotten a few emails from people that have been willing to help but I am still looking for someone that has professional ability to make this happen. Praying God puts it in the heart of that servant to help with this project.

Hey Greg, I can work with you on a video for Sermon Index. I have been creating professional videos for 6 years now. Some old work that I did 4 years ago is <http://www.paulmcgrade.com/RCP.mpg>

Some newer stuff: <http://paulmcgrade.com/Flash-Course2-Promo.mpg>

<http://paulmcgrade.com/Flash-Course1-Promo.mpg>

<http://paulmcgrade.com/blevitation.mpg> (some messing around)

I'd really love to do this for sermon index, I owe a great deal to SI for all the sermons I've listened to. Lets work on this and make a awesome intro for SI! Email is paulmcgrade@yahoo.com
