What a right on speaker

Not puffed up

whew... and he has a heart for the body

thnx for the opportunity to hear a man of god who has been there

I got a mp3 player so I can download and burn for listening later on the road etc

I find speakers like Stephen Kaung, Zac Poonen, T. Austin-Sparks and others that really **slow** down and lead us into all truth. What excellent ministries and speakers that are well worth our time and attention. I am glad that you are spending the time to go through and listen to brother Kaung.
