**Searching the threads - posted by BradW (), on: 2007/1/24 10:53**

Hi all,  
  
I was just curious if anyone can suggest some hints at searching the forums for certain topics.  
  
I am trying to find the "Original Sin" thread, so I typed in "original sin" in the Search field.  
  
As results, I get a lot of "RE:" topics and aside from clicking on each of them, I can't see where to find the desired one.  
  
Thanks,  
Brad

Hi,  
  
try this:  
  
(<http://www.sermonindex.net/modules/newbb/search.php>) <http://www.sermonindex.net/modules/newbb/search.php>  
  
Keywords: original sin  
  
and click: Search for **ALL** of the terms (the second option)  
  
You will get requested results.  
  
Very useful also is to search by user, to search just in subject, just in body etc.  
  
In your case, click in **Search in:** Subject  
Search for **ALL** of the terms (the second option)  
  
If you need any other help please let us know.

Good reminder to make mention of placing something related to the post or thread in the subject box when responding. It is a great help to those who are searching later on.

Thanks for your help, friends.

I never even saw the additional search tool in at the bottom of the Site Discussions page.
