Our objective is to set before the Christian pilgrim some reflections which may prove challenging, consolatory and encouraging as he journeys up from this bleak, arid, wilderness world, leaning on his Beloved.

May God's blessing attend our humble effort to minister comfort to the downcast, strength to the weak, and courage to those who have set their faces towards their glorious eternal home.

I highly recommend this "grace audio" resource! These are some top quality audio readings of Puritan classics.

I have been personally edified and encouraged through the ministry of grace gems.
