Beware the dangers of complacency and conformity.

So many of us seek to find comfort and security;  
instead of finding peace and rest with God.

So many of us seek to follow the path of least  
resistance; instead of the narrow gate and  
straight way that leads to life everlasting.

So many of us will tolerate immorality, injustice,  
and unrighteousness; instead of standing firm to  
our convictions and ideals.

Complacency and conformity will cause us to settle  
for less than God's best.

Complacency and conformity will set us adrift from  
our beliefs and values.

Complacency and conformity will make us miss  
opportunities for eternal rewards.

Complacency and conformity weaken both our witness  
and our work for the Lord.

CHARLES F. STANLEY
