John Piper speaks out about Signs & Wonders

“Oh, Lord, if there is a wind of true, biblical, spiritual power blowing in our day with signs and wonders and healing and prophecy, forbid that I should stand in the way! Don’t pass Bethlehem by. Make me the leader you want me to be for the greatest blessing of this church, and the greatest missionary effectiveness.” But then, on the other hand I pray, “Oh, Lord, forbid that we should lose our biblical bearings; forbid that we become trendy or faddish and begin to substitute the sand of experience for the rock of revealed truth. Show us the fullness of the power of the gospel, Lord, and keep us from preoccupation with secondary things, no matter how spectacular.”

Reveal to us O Father, the pitfalls and snares that have been set by the enemy. Keep our eyes only upon Thee, that we would follow Thee and Thee alone – for only in Thee can our footsteps be sure and the way be true.
