Commented sermons column - posted by Corneliu (), on: 2008/12/29 0:28

Is the column with recent commented sermons gone for good or just momentarily out of service?

I got used to look at what sermons were listened to and recomended by other brothers, and many times, that was the way I was introduced to many godly sermos.

I hope that column can still stay on.

I have replaced it with the top 25 "viewed" video sermons. (a whole new section to the site). I will consider trying to setup a whole page for the feature such as you mentioned ie recently commented audio sermons.
