Just want to say thank you to Greg Gordon and the editors of these great articles. Just reading on these old saints really bring a spirit of revival.

My prayer life has greatly increased through these issues, and i must also give thanks to openhisword ministries for sending me all the issues in printed form, plus the classic sermons by Ravenhill and them.

Its such a blessing really to be given all this material at no cost and i greatly appreciate the labor being done.

It brings a thought...

God is faithful to continually bring Revival, and i believe it will come by his grace to those who hunger for it. This site being evidence of that quickening God in his mercy allows in order to revive whats his.

Love.
