(<http://www.lifesitenews.com/ldn/2009/feb/09020312.html>) Family Breakdown is a Triumph for Human Rights

This ties in with the thread at the top in General Topics.

What is 'wrong' is lifted up to be 'right.' No matter how they spin it is it satan speaking and I resist him in the Name of my wonderful Lord, Jesus. He is a defeated enemy, grasping at the last few souls he can grab. The closer the time to our Lord's return the more of this we will see.

Reading this both depresses and elates me. Reading God's Word levels me out and keeps me grounded. How marvelous to hold in our hands the living word of God. To read the words and store them in your heart is better than storing gold & canned goods.

Kindest regards,
white stone

Scary. A long time ago I read in a New World Order conspiracy "theory" article that the aim was to remove the family structure completely. Children would be raised by the state...

An equally revealing article from the website you just indicated is this one:-

I suspect we will be seeing very dramatic worldwide changes over the next few years.
