While I was waiting for my wife to get ready the other day she said...

'You know that God gave men wives to teach them patience'.

I was amused and said I know that very well and I'm still learning! :-)

It works both ways! Take that from one who has lived in the state of matrimony for 42 years to the same man! One may think you would have learned so much patience there is nothing left to learn. Not true! The older you get the more is required....like when your husband starts getting hard of hearing and he won't admit it - just says you mumble! SIGH!!!

Ahh, but it is good!
