does revival become strange to the modern church? - posted by samraj (), on: 2009/12/27 16:54

revival is the theme spoke by many preachers ,but it is little experienced by the crowd .

we speak of revival in 16 th and 17 th centuries with geat awe but where does that power lost?

To the early christian church revival was their way of life ,every beliver in the church contributed his all for it ,but let me question my self what i have contributed to the body of christ this day for revival?

revival is nothing but God intervening in and through church to world

i hope satan had suffereded enough loss in the times of genuine holy ghost revival ,so he is resisting with all his power to keep the church away from it.

personally if we don't experience the overcoming power of God we can't little help the church in this case.

so let the soldiers of christ ,lay down their lives to bring glory to GOD ,in a genuine revival God is the hero ,then sin ,satan and world becomes zero Halleluajh!!!

let's pray with tears even though we don't yet feel the seriousness .
