Saints,

Brother Edgar shares his heart and testimony with a small home fellowship in Oakville, Canada. What a blessing to hear the burdens and story of this dear man of God.

Thank you for posting this Greg. This was a blessing to me and helped me see how my personal testimony can be a blessing. I just wish I could hear the remainder of his testimony as he only got to the second of his seven points. The Lord showed me some new ways I need to do to make amends.
