Saints,

There is a need for help in digitizing some tapes from tape cassettes to mp3. I have 5 boxes of tapes that need to get done. Would there be any willing volunteers that are setup to do this simply?

**Re: HELP NEEDED: Digitizing Tapes - posted by sermonindex (), on: 2010/2/18 14:39**

thanks for the one response so far saints! there is still need of 1-2 other people to help if you felt led.

There is still need for volunteers for this saints.

**Re: - posted by jmooney6 (), on: 2010/2/21 20:08**

I KNEW there was a reason I felt led here in the Spirit. Being a musician and upcoming producer, I have the technology to help you out Brother Greg. I do have college homework to work on, so it may take from a couple days to a couple weeks to complete, but the homework is rather light compared to last semester. ^\_^

Check your private messages for my address to where to ship the boxes. Let me know where you would like me to upload the files and send the links and in what quality of MP3 as well. (32kbps, 64kbps, 320kbps?) May God bless you!

-Jim

thats great I will send you some in the mail. If anyone wants to help also in this area let me know please.

the requirements are to get them into 32kps mono format mp3's and send them to me via [www.yousendit.com](http://www.yousendit.com) to the email: [sermonindex@gmail.com](mailto:sermonindex@gmail.com)
