Hi Brother, just to ask you to pray for Brother Yorrie, who's been taken to hospital with Heart Failure. He's recovering in hospital. Here's from Ceri's status:

Sunday Night:

Ceri Elaine Barnes

A huge 'Thank you' to friends for praying for dad this morning when he took ill - he'll be in QMC hospital for a few days. His heart failure took a turn for the worse and tonight he'll be placed on a drip to help drain his lungs.

midnight last night:

Ceri Elaine Barnes

Doctors have told dad that if he hadn't gone into hospital yesterday he would not have been here now! He has gone deeper into heart failure. He has had his lungs drained and is on oxygen. Hospital is aiming to have him home in a couple of days. He is looking brighter, is calmer in himself and less agitated. Thank you for the phone calls, messages and prayers, we are so moved by the love that has been showed to us.

It's complicated, because he has a triple bypass I think.

Thank you so much for the messages and support. Doctors tried dad without oxygen yesterday and by evening he was gasping for breath again. He is on a drip to try and clear his lungs. It felt like we were back at square one with him. He is having wonderful conversations with a young jamaican pentecostal nurse looking after him, dad was beaming telling us about her, he also has a welsh nurse!! lol - God is good!!

"Hi Andy - thank you so much, I will certainly pass on your message. Dad has been moved to tears by the love and prayers and loves visiting times!! He has a wonderful christian nurse who's a young Jamaican pentecostal and expecting a second child. They have had wonderful times of sharing about the Lord, dad is so thrilled. Dad had no idea how seriously ill he has been and we're just taking each day as it comes. Will keep you up to date xx"

Dad back on the oxygen last night - his nurse says they are trying to wean him off it as they are hoping to send him home tomorrow but need to get this sorted. I am wondering if they will give him an oxygen machine. Doctors said if they get him sorted he could go another two years before this all happens again

Thanks for all the prayers for dad. Due to new medication he is now better than he was before he took ill and had an excellent medical today, returning home so thrilled and feeling a new lease of life. Everything really has worked out for the good!!
