Thank you for all the sermon recommendations that everyone put forward.

We had a our home church today and we played the sermon by Paul Washer Modern American Christianity. WOW!!!! I d ownloaded a few more sermons from Paul Washer.

I was really moved and changed by another sermon by Steve Lawson, 'It will cost you everything'.

These were not sermons that most people who attend church want to hear. I pray that the people who came to our grou p today had the seed planted in them to really serve the Lord and know what the cost is to follow Him.

These 2 sermons have been so incredible and life changing for us and there is nothing else I could do but repent before the Lord and give Him everything.

Thank you, thank you again, Bless you guys.

The Carter
