Can anyone tell me the purpose of these items falling in churches? is there any biblical scriptures to support this? And just recently during worship service a sweet sweet fragrance wafted through the service, I myself thought someone was wearing a lot of perfume and or broke a bottle of perfume. The congregation was asked and no one knew the perfume. So me said it was the Rose of Sharon, but some like me were skeptic. The smell would of still been there if a broken or over wearing person was still there.
