Excellent article by J. Lee Grady:

"Please search your heart. Do you push people to the floor when you pray for them, rather than trusting the Lord to do His work? Are you trusting in Him, or in the arm of the flesh?"

Have you lied to the Holy Ghost by faking the anointing? Have you mixed your own version of the anointing oil, adding exotic substances that are not of Christ? Have you become addicted to sensational experiences, always craving a sign yet never satisfied with Jesus alone?"

I'm so grateful for what the Lord is doing is seemingly all to the denominational churches, it seems like He is raising up people who can call a spade a spade and many are listening and applauding what the Lord is doing through them!
