What chance their 'prayers' will be heard by God the Father of our Lord and Saviour Jesus Christ?

They pray to be able to murder more innocent babies?

No wonder the increase in large earthquakes, hail storms that produce 3-4 feet of hail (yesterday in Texas) and tornado activity. His patience is not inexhaustible. There will be a reckoning.

Watch for Jesus

And we pray the abortionist be saved by the blood of Jesus.

40 days of death. A dedication of time and prayer to the god moloch. Prayers for the education and enlightenment of the closed minded saints like those that can be found on SI. A time of thanks for the profit of man's right to maintain control of his destiny by the destruction of what so many are deceived into believing is actual life. The picture of three smiling women on their website surely is characteristic of women who have lived such happy lives due to their abortions. Certainly PPH would not desire to deceive women and men if this were not the case. Yet we worship the Living God who made absurd allowances for us while we hated Him. May our Hearts be merciful remembering the days that we rebelled. May we be empowered by the Spirit of Christ to speak truth in love to the deceived. May we be merciful to those deceived, just as Christ was to us, and may we never compromise the truth to a dying world.
