This is what you are looking for. It is on the top of the home page:

Sermons by Speaker / by Scripture / by Topic / by Podcast / by Search

Hope this helps.

Where is the "By Search" feature at?

This is the answer from the contact us page: <http://www.sermonindex.net/contact.php>

Q. Where is the search on SermonIndex?

Answer. We currently do not offer a search on the SermonIndex site but ask that you simply search google.com. Google bots update 1000's of pages a day so this is the best method using an operator of this site with: search phrase site:sermonindex.net for example here is a search you would put in google: a.w. tozer sermons site:sermonindex.net

Here is a link to what Greg is describing if you need an example. Open the link in your browser and you will see the search box filled in.
