Brother Ron,

Thank you for bringing this up, I believe this messages also are very important for the body of Christ in North America to hear.

These are a very practical method for us to under one way in which God works everything together for good for those who are in Christ Jesus by provoking His people in other nations to love their neighbors through intercession and evangelism. The Lord brought me to these messages a while back and revelation and insight into the purposes of God through these trails and judgements in these areas was enlightening and full of the glory of God. The worldly explanations are so dark and lead to despair but seeing things like Communism and 9/11 from a godly perspective is full of glory. I recommend these messages strongly to all.

Amen Jeremy, these messages are practical, enlightening, and full of glory.

The theology of martyrdom can be summed up in the practice that where there are lies, hatred, and violence they are met by truth, love, and self-sacrifice. It can be said that in this way the Christian is the aggressor; as lambs following Christ we conquer.

In Christ,

Ron
