Attaining the Prize by Lance Lambert

Topic: The Bride, Communion, Sonship, Maturity, Reward

Scripture: Philippians 3, 1 Corinthians 13

Description: Lance Lambert expounds on what Paul means in Philippians 3:14 when he speaks about "the prize." He connects the true knowledge of Christ with Christians in the New Creation in the roles administration and ruling. Lance describes the difference between the relationship of a bride to her beloved, as in Song of Solomon, versus a clinical execution of administrative tasks. In connection with spiritual maturity, he describes how in order to be in Christ we must be trained and pass through hardship in order to bear the responsibilities of leadership in Christ. A highly recommended message.

NOTE: This is not hosted on the SermonIndex channel but it would be a great addition. There is one Lance Lambert sermon on the YouTube SermonIndex channel as well as 20 MP3 sermons here on the website.

This would be a great message to add to those hosted on SI, or even to add to the MP3 section.
