Hey Blaine, in hospital getting checked, whiplash possible and some back problems, maybe slight concussion, the car that hit me us totalled.
.....

Brothers and sisters this is the latest text from Brother Frank. Please continue to keep him in your prayers.

Again will post when I get updates.

Hopefully the other driver is ok and has insurance.

We pray that any concussion symptoms will dissipate quickly and that the soft tissues in his neck and back will heal supernaturally fast. In fact I pray that healing is taking place as I type.

Re: , on: 2016/8/17 14:56

Thank you so much saints for all your prayers. I feel fine, quite a bit sore, but praying this will pass and not develop. I have three bulging discs anyway, two in the neck and one in the lower spine, and they have been rattled :) I had a lot of compassion for the young man who hit me. He seemed very relieved that I was not angry or anything, nice young fella.

I am touched by the prayers of the saints, really touched. God bless all of you guys and thank you brother Blaine for relating this.....bro Frank
