Dear brothers and sisters,

My name is Alexis and I'm from and currently living in Cyprus. Although I'm not new to this site and have enjoyed the available online resources over the years, I haven't really participated in the forums.

One of the reasons I'm posting is that I have a request for an Iranian brother who immigrated to the US about 5 years ago. He is looking for some believers to fellowship with in the south Seattle area. I've never been to the US so I would be thankful if anyone could recommend someone he could get in touch with.

Many blessings in Christ,
Alexis.
