Just trust me. This is from the in the know horse's mouth. Recently, two Israeli soldiers were shot by s Muslim and died while guarding the area of the Temple Mount. The Israeli government put up metal detectors and the Muslim rioting etc. took place. Making this short, one of the Israeli soldiers who was shot and died was led to the Lord and placed faith in hi m and was shot to death later the same day. Not through any efforts of my own I know people who were informed of thi s by people who know the inside details. It reminds me of the scripture today (NOW) is the day of salvation.

I suspect the person whom the LORD used to bring this person to the LORD is in awe...I am, anyhow.
