Presence--the fourth member of the Trinity. - posted by havok20x, on: 2017/8/28 18:04

So I have been reviewing the book "Jesus Calling" in an effort to understand the theology within it. Has anyone else noticed that "Presence" and "Peace" are always capitalized and that the "Presence" of Jesus seems to be an entity apart from Jesus, the Father, or the Holy Spirit?

Now I am well aware that Sarah Young does not believe in four members of the trinity, but I find it interesting that the Presence of Jesus has personified characteristics apart from Jesus Himself.

What is the kind of "entity" you think it is, Brother?

Is not the Holy Spirit full package of "all" great things?

I agree, brother, but it just seems like "Jesus Calling" treats the indwelling of Christ in us as a separate person apart from the trinity.
