Saints,

I wanted to bring this need up to the SermonIndex Community. Are you a designer, graphic artist? I thought it would be great to get a fresh look for the SermonIndex logo in vector format, not something radically different but just a clean update to what we have and maybe a few variations on images like this: <http://img.sermonindex.net/pdf/og-sermonindex.jpg>

Any help from the community would be tremendous. Do share this with others you think would like to help. Feel free to link anything here you come up with.

Brother Jason, send in these logo examples.

Feel free to comment and also share any logo variations you can come up with.
